

Croatian Scholarship Fund

DEVELOPING LEADERS THROUGH EDUCATION

We Are Still Here!

Life has changed for CSF since we have had to cancel our Gala dinners and Golf tournaments and we sure miss seeing our supporters and friends. These events gave us an opportunity to get together, not only to raise funds for our students, but also to enjoy each other as friends and celebrate our common cause.

We hope you are all doing well and are looking forward to when we can again meet face to face. Our next Gala dinner's theme will be to celebrate each other, our students and most of all to have fun!

The CSF Board has been kept as busy as always, if not more. We have redirected our energies from events to fundraising. Our Financial Committee has used this time to focus on our endowments, organization and management.

We have not gone away and need your support more than ever. COVID-19 has made life in Croatia and BiH, for our students and their families even more financially challenging and our efforts even more necessary. Stay strong and keep that indomitable spirit alive. Our common cause is to impact and support the lives of our students and jointly we are successfully accomplishing that as evidenced in our student update.

2021/22 Student Update

Our accomplishments for this year bring us much pride: 10 students graduated from their respective universities in Croatia and Bosna and Hercegovina and received Masters degrees or Medical degrees. CSF recently accepted 24 new students for 2021/22 academic year, which makes it a total of 92 students in the program. This is a record number and would not be possible without the generosity of our donors and sponsors. Year after year, they continue to support and finance student scholarships.

Thank you again for not forgetting CSF and our students. Collectively we are giving them an opportunity of a lifetime, an education which they may otherwise not be able to achieve. ■

Continuing Students

Kristina Juričić

Received her Undergraduate Degree in Mathematics. She expressed her appreciation to CSF and Family Bodor for sponsoring her in her "Završni Rad".

Kristina is currently enrolled in the Master's Program and continuing her major in Mathematics.

Ivica Matošević

Received the Rektor's Award for best student in his generation.

Ivica is a fifth year student majoring in Mechanical Engineering at the University of Slavonski Brod

Magdalena Šabić

Currently a fifth year Medical student at the University of Zagreb, she was accepted and spent one month in an Internship Exchange Program at Hospital Universitario Virgen Del Rocio in Spain.

GRADUATES 2021

Graduate Comments

Neizmerno sam vam zahvalna. Nikada u životu vam neću zaboraviti što ste činili za mene, kao i za ostale studente vaše stipendije. Osjećam dužnost vratiti podršku i ljubav koju ste mi podarili!

Možda niste svjesni veličine svojih djela, ali napravili ste nešto izvanredno za sve nas studente dobitnike ove stipendije te naše obitelji. To nikada nećemo zaboraviti.

~ **Marija Brbor**

Vaša stipendija bila je značajna pomoć tijekom cijelog studija. Osim što je bila financijska potpora meni i mojoj obitelji, istovremeno je bila i motivacijski čimbenik za što uspješniji završetak studija. Tako sam tijekom dosadašnjeg studija osim uspješno položenih predmeta, dobitnik tri Dekanove nagrade za najbolji prosjek ocjena u generaciji te Rektorove nagrade za izvrsno napisan seminar-ski rad. Ovo ističem jer smatram da je i Hrvatska Školska Zaklada jednim dijelom zaslužna za moje uspješno studiranje.

Iskreno sam počašćen, sretan i ponosan što sam kao stipendist imao priliku biti dio Hrvatske školske zaklade.

~ **Tomislav Jaković**

Biti stipendist HŠZ je za mene bila iznimna čast. U periodu života kada polako započinjete samostalan život i odlazite u novi grad na studij shvatite da postoje ljudi koji vjeruju u vas i vaša postignuća i to vam daje vjetar u leđa da svakim danom napredujete dalje. Osim financijske pomoći, koja je u svakom trenutku studiranja bila iznimno važna, drago mi je da sam dobio i životnu pouku. Pouku od ljudi koji su spremni nepoznatim mladim osobama omogućiti bezbrižno studiranje što je u današnje vrijeme materijalizma jako rijetko. Zbog toga sam Vam iznimno zahvalan! Nadam se da ću i ja nekada biti u mogućnosti učiniti isto. Sve Vas u HŠZ kao i svoje sponzore smatram dijelom svoje obitelji i zauvijek ću Vas pamtiti. Svima Vama želim puno sreće i uspjeha u nastavku rada u HŠZ!

~ **Luka Markičević**

HŠZ mi je pomogao svakako financijski, što se podrazumijeva, no osim toga, ova stipendija predstavljala je i značajan poticaj za daljnje učenje i rad zbog zahtjeva koji se postavljaju na studente kako bi ostvarili uvjete za daljnje primanje stipendije. Uvijek me gurala dalje kako bi napredovala, trudila se i težila za boljim ocijenama, a time i većim znanjem. Također, zahvaljujući HŠZ-u, tijekom studi-

ranja sam upoznala i ostale studente stipendiste HŠZ-a i ostvarila nova poznanstva i prijateljstva. Puno prostora za poboljšanja po mom mišljenju nema.

Uz par primjedbi koje bi se mogle popraviti, a koje su navedene u točkama prije, možda bi se moglo poraditi na približavanju cjelokupne zaklade i njenog rada studentima i ostvarivanju malo većeg kontakta i boljeg upoznavanja kako bi se studenti upoznali s vama i vašim radom i shvatili pozadinu vaše priče te naravno i međusobno malo bolje upoznali i zblížili.

~ **Gabrijela Perkov**

HŠZ mi je omogućio bezbrižne studentske dane u Zagrebu i uvelike olakšao mojim roditeljima koji su zbog te financijske potrebe manje odvajali od svojih usta jer uz mene financiraju i školovanje moje sestre. Podržavam rad HŠZ i sigurna sam da će i budućim generacijama uvelike olakšati studiranje. Osim financijske potpore bilo je divno čuti i riječi podrške od strane pokrovitelja.

~ **Ana Perkušić**

My name is Josip Golemac. I am 19 years old and live in a house in Mostar with my two brothers, my mother and my dog. I also have two sisters and one brother but I am the youngest in my family together with my twin brother who suffers from Cerebral palsy, blindness and occasional seizures. He is the one that keeps our family connected and makes us stronger. I would say that 2018 was the most important year so far in my life when I lost my dad which really affected me and helped me ground myself and go through life one day at a time. That is one of the reasons I chose Civil Engineering because I want to prove myself and be successful in life.

When I heard I will be getting your help through my faculty years, that brought even more motivation for my studying. For that I cannot even find the words to tell you how eternally grateful I am for your help. Knowing this will not do the justice but I just want to say THANK YOU!

Sincerely,

~ **Josip Golemac** ■■

First of all, I would like to thank you on my own behalf, but also on behalf of my family for sponsoring my scholarship. Thank you for believing in me and helping me achieve new opportunities in life and schooling. As I had planned, I enrolled in the first year of Physiotherapy studies at the Faculty of Health Studies in Mostar.

I chose physiotherapy because I have been interested in bones, muscles and massages for a long time. After my studies I want to focus more on sports physiotherapy, methods of treating injuries in athletes, etc. I firmly believe that after these 5 years in physiotherapy I will achieve much wanted and desired goals I've set for myself.

This scholarship is a great help for me, but also an indescribable motivation. I am and will be eternally grateful for this opportunity. A chance has been given to me by CSF to expand my knowledge and rise to the best of my potential.

Yours sincerely,

~ **Karla Galić** ■■

My name is Hana Samardžić. I'm 19 years old and I'm writing in order to thank you for recognizing my efforts and choosing me for this scholarship.

My family members are my parents and two brothers - Ivan, who is 16 years old and Toma, who is almost 3. I'm very attached to my family and I miss them so much. I'm a very ambitious, creative and all-round person. I have a lot of hobbies but one of my favourite is animating children. I enrolled University of Early and preschool education (Rani i predškolski odgoj i obrazovanje) because I think my life's calling is to work with children, especially children with developmental disabilities.

I'm very glad to have been chosen for the CSF scholarship because it will make further education much easier for me but my parents as well, especially because I have moved to another city to study. Thank you! ■■

Kind regards,

~ **Hana Samardžić**

Let me first express my honor and gratitude for the opportunity to be one of the sponsored students of the Croatian Scholarship Fund. My name is Iva Fajfarić, I am 19 years old and I come from the small town of Varaždin. I have lived.... with my mother Ružica, but my dreams of studying at the desired university brought me here, to Zadar. I am now in my first year of studying Culture and Tourism.

I have always been interested in other people's cultures and customs. I would often research what makes them different.... A little later, I discovered a passion for learning foreign languages. Throughout high school I studied English, French, German, Italian and a little bit of Russian. For these reasons, I fell in love....in the field of culture and tourism.

The University of Zadar offers many opportunities in learning both foreign languages and world culture. I am very motivated and excited to learn even more.

All this would be very difficult today without this scholarship, for which I must thank you very much. It's hard to put into words my happiness when I received the news of the scholarship approval because I knew I was getting a chance to make my dreams come true.... Sending greetings from sunny Zadar. Until next time.

Sincerely,

~ **Iva Fajfarić** ■■

My name is Toni Miočević. I was born in Livno on the 21st of April, 2002. My family has 4 members, my father Zdravko is retired member of the Armed Forces of Bosnia and Herzegovina, mother Violeta is currently employed as cleaning lady at Institute of Medical Expertise in Sarajevo and my older brother Kristijan is civil engineering student at the Faculty of Civil Engineering, University of Mostar. The majority of my life so far I have lived in Vareš, where I finished elementary school as the best student of the generation. I finished high school in Sarajevo, I attended the general gymnasium at Catholic School Centre St. Joseph which I finished with excellent grades.

This year I started college. My choice was civil engineering at the Faculty of Civil Engineering, University of Mostar. I have always enjoyed working with numbers, mathematics and physics were subjects I liked the most in elementary and high school and subjects that I was quite successful in. Furthermore, I have always found the geometry and technical drawing really interesting. I really like the idea of building something that will show the hard work and determination I have put into my education and potential professional career.

I am very happy and proud to be part of the Croatian Scholarship Fund. My family and I are deeply grateful for this scholarship. It really means a lot to my family, due to the fact that my mother's salary and father's pension are hardly enough to finance two students.

Living in a small town like Vareš, usually means you have to go far away from home to study, which brings various expenses, including rent, tuition fees, travel expenses, and other things that come with studying. Once again, my family and I are very thankful for your financial help, and I truly hope and believe that I will justify your choice and trust in the time and challenges to come.

Best regards,

~ **Toni Miočević** ■■

Marko Galic is from Split attending the University of Zadar in a Master's program. He has recently been the center of attention, not only for his academic pursuits and publications but as a subject of news stories. Marko was twice on national TV in November 2020 for primetime news and interviewed in January 2021 on regional news. He has also been featured in *Slobodna Dalmatija*, the leading newspaper in Dalmatia county.

Marko Galic

The young student who has been the center of this media buzz is an exceptional athlete and aspiring psychologist whose enthusiasm cannot be contained. In March 2020, when the world was facing a shutdown due to a pandemic, Marko surveyed over a thousand Croats inquiring of their relationship between COVID-19 and mental health. The premise was that the pandemic which

led to changes in everyday life affected people's psychophysical health. The result of this inquiry was an in depth study published in *Frontiers in Psychology* November 2020. The title is: *COVID-19 Related Knowledge and Mental Health: Case of Croatia*.

Frontiers in Psychology is the largest journal in its field publishing rigorously peerreviewed research across the psychological sciences. It put Croatia in the spotlight and generated much interest in the press. The publication made Marko one of the youngest scientist published in this prestigious journal.

Our stellar CSF student was also honored by the Department of Psychology for his Exceptional Participation in Extracurricula Activity. In addition, another of his articles has been accepted to be published as a book chapter. He has also turned his attention to a study related to Dalmatia and its people by looking at why young people select seafaring professions which are proven to be stressful and dangerous. The focus is on the personality traits and personal health. This research will be looking at Zadar's, and hence Dalmatia's, seafaring tradition and Marko and his associates are the only academics studying maritime psychology. So far, one scientific article about future seafarers has been published in *Društvena istraživanja*, the leading journal for social sciences in Croatia.

Another of Marko's achievements is a first place at national championship in middle distance triathlon. He has also been offered a PhD post at University of Zagreb even before completing his Master's Degree. And for his Master thesis he is collecting data for occupational stress in firefighters.

CSF is fortunate to have recognized Marko's talents early in his career and happy that he is part of our large family. Bravo Marko... you are a tribute to CSF and to Croatia. ■

~By Barbara Jagiello

There are a total of eight students receiving Miljenko Grgich scholarships for this year. These students are attending University of Zagreb, Masters level Viticulture and Enology Program and the scholarships are funded for two years, the duration of time they are in the program.

This year we are also pleased to resume the very popular internship program for the graduating class of Viticulture and Enology Program at the University of Zagreb. Four students were selected to come, during harvest season, to Napa/Sonoma wineries to do their three-month internship experience.

Interns: Marko Sokolić, Viktorija Grubišić, Lovre Ljubičić and Nina Buljević

Miljenko Grgich internship recipients are grateful for the opportunity to come to United States and gain first-hand knowledge and skills in winemaking. We are pleased to share their expression of appreciation:

Poštovani gospodine Grgić,

Pišem Vam ovo pismo kako bih se zahvalila za donaciju kojom ste omogućili da moje vrijeme studiranja bude, barem dijelom, bezbrižnije. Vjerujte da ću učiniti sve što je u mojoj moći da postanem stručnjak u svojem zvanju i zanimanju, između ostaloga i zato da opravdam Vaše povjerenje i vjeru u moje mogućnosti.

Dobri ljudi pronalaze načina da sve što čine ima za glavni cilj pomaganje drugima. Čineći dobro drugima učinili ste sebe dijelom mojeg života. Uvijek ponosno naglašavam da sam odabrani stipendist gospodina Grgića i vjerujem da to u našem vinarском svijetu mnogima znači više od ocjena na papiru.

Žao mi je što neću doći u Kaliforniju da se upoznamo i da Vam se osobno zahvalim, međutim dobila sam posao prije završetka studija te radim kao enolog. Na kraju bih još nadodala jednu misao... Nismo birali biti rođeni, ali možemo

birati kako ćemo živjeti ovaj život koji nam je dat. I zato ste Vi za mene velik čovjek, nezaboravna slika koja se urezala u moj život, jer ste odabrali biti dobar i nesebičan čovjek, osoba koja ne zaboravlja zaboravljene.

Hvala Vam na svemu i želim Vam sreću i mir u životu!

~ Ivana Vincek, mag.ing.agr. ■

Comments from 2021 Grgich Interns

The whole experience of working in the Grgich Hills Estate cellar (which is the 1st official one since my graduation) as well as the entire internship in the world-famous Napa Valley, provided by CSF and Miljenko Grgich Foundation, has enriched me in so many different and unexpected ways. It broadened my horizons and allowed me to spread my wings and "shoot for the stars", for which I will be forever grateful.

~Viktorija Grubišić ■

Internship u vinariji Grgich Hills Estate smatram izrazito korisnim iskustvom, koje ima veliki značaj u mojem profesionalnom, ali i osobnom razvoju. Sudjelovanjem u procesima rada u vinariji, bilo mi je omogućeno povezivanje teorijskih znanja sa stvarnom proizvodnjom vina, kao i učenje novih. Od srca sam zahvalan Zakladi Miljenka Grgicha, CSF-u i vinariji Grgich Hills Estate na ovoj prilici, a napose Miljenku „Mike“ Grgich bez kojeg sve ovo ne bi bilo moguće. Zahvalan sam i na svim dobrim ljudima, djelatnicima vinarije i kolegama iz vinskog svijeta, koje sam upoznao na ovom putovanju i koji su uljepšali moj boravak u SAD-u.

~Marko Sokolić ■

For my Internship program I work at Obsidian Ridge Wine Company, in Sonoma. That is a small custom crush winery where I have had the opportunity to work with several winemakers and learn

Viktorija Grubišić with Mr. Miljenko Grgich

Marko Sokolić

Nina Buljević

a lot from all of them about wine and winemaking. Being in wonderful Napa and Sonoma Valley during harvest time is a great experience that I am sure will help me in my future career and something that I will never forget.

Big thanks to the Croatian Scholarship Fund and Mr. Mike Grgich for this incredible opportunity!

~Nina Buljević ■

Rad i stažiranje u vinariji Grgich Hills Estate pružilo mi je veliko iskustvo i odgovore na mnoga pitanja koja se postavljaju tijekom studiranja. Atmosfera u samoj vinariji je bila jako ugodna i prijateljska, vrlo sam zahvalan što sam upoznao toliko dobrih i marljivih ljudi na jednom mjestu, zajedno smo bili uključeni u sve procese proizvodnje vina. Uspio sam primijeniti teorijska znanja s fakulteta, a radeći već ranije kraće vrijeme u manjoj

Lovre Ljubičić

vinariji, uspio sam proširiti i praktična znanja u jednoj ovakvoj većoj vinariji, i siguran sam kako će mi ovo iskustvo pomoći u budućem zaposlenju. Imao sam i veliko zadovoljstvo upoznati gospodina Miljenka Grgicha. Iznimno sam zahvalan zakladi Miljenka Grgicha, CSF-u, te vinariji Grgich Hills Estate na svemu pruženom za vrijeme mog boravka u Kaliforniji i što su upravo mene odabrali kao jednog od stažista u njihovom programu.

~Lovre Ljubičić ■

Appeal for New Student Sponsors

Please consider sponsoring a student and join 40 other individuals or organization that commit to fund a full scholarship of \$2,000 per year to sponsor a student. The majority of sponsors fund student scholarship for the duration of time students are enrolled at the university. This includes three years of their undergraduate work and most provide scholarships for the additional two years Master's degree studies, for a total of five years.

CSF welcomes your sponsorship for any length of time you are able to sponsor a student.

Announcement:

We are hopeful to resume both of the fundraising events in the upcoming year.

Please mark your calendar:

- Our **Gala Dinner in Sacramento** is scheduled for **April 30th 2022.**

- Our **Annual Golf Tournament** will be announced at a later date.

CSF appreciates your contribution, any amount helps and is welcome.

You can make a donation by visiting our website, www.croatianscholarship.org.

You can also mail your check to: CSF, PO Box 290, San Ramon, CA 94583.

Thank you for supporting CSF students!
